

## Contact

1-173, Sri Sai Ganesh Nilayam, NTR district, Mylavaram, Andhra Pradesh, 521230, India.  
Email: kommojupavankumarganesh@gmail.com  
Phone: +91-939163459

## Education

### Lakireddy Balireddy College of Engineering

Bachelor of Computer Science

2023 – Present

- **CGPA – 9.01**

### Sri Sarada Jr College

Intermediate, MPC

2021 – 2023

- **CGPA – 98.4%**

## Skills

### Technical Skills

- Java, Python, C, SQL
- HTML, CSS, JavaScript
- Node.js, MERN Stack
- MySQL, MongoDB
- Data Visualization, Dashboard Design

### Tools

- Git
- GitHub
- AWS
- VS Code
- Antigravity

### Languages

- English (Fluent)
- Telugu (Fluent)

### Certification

- COURSERA – OOPS: Data Structures and Beyond
- ☐ AWS Certified Cloud Practitioner (CLF-C02)
- ☐ AWS Academy Graduate – Generative AI Foundations
- ☐ MERN Stack Developer – Infosys Springboard
- ☐ Introduction to Cybersecurity – Cisco
- ☐ NPTEL Certifications (Python, IoT)

# Pavan Kumar Ganesh Kommoju

## CSE Final year student

Ambitious and results-driven Computer Science Engineer with expertise in full-stack development, machine learning, and data analytics, focused on building scalable and data-driven solutions. Proven problem solver with hands-on experience in real-world projects, ML models, and interactive dashboards that improve decision-making and efficiency. Passionate about innovation and continuous learning, leveraging modern technologies to deliver impactful solutions and drive organizational success.

## Experience

### Cybersecurity Intern – Cisco Networking Academy

June 2025 – Aug 2025

- Completed Cisco AICTE Cybersecurity Internship, gaining hands-on skills in network security and threat detection
- Built a strong foundation in vulnerability analysis and cybersecurity best practices through an industry-recognized program

### Artificial Intelligence Intern – EdiGlobe

May 2025 – June 2025

- Developed AI-based solutions and worked on real-world datasets to build predictive models
- Applied machine learning techniques for data analysis and optimization
- Strengthened analytical thinking, adaptability, and communication skills

### Salesforce Developer Intern – Agentblazer Program

May 2025 – July 2025

- Hands-on experience in Salesforce development and automation
- Worked with CRM workflows and enterprise applications

## Projects

### HomeBell – On-Demand Home Services Platform

Developed a full-stack MERN application with role-based dashboards enabling seamless service booking, job management, and real-time status tracking. Integrated secure Razorpay payments with coupon points, refund logic, COD workflow, and a responsive UI supporting dark/light modes and ratings system.

### House Tax Management System (Govt. Recognized Project)

Designed and developed a software system for house and water tax management. Improved efficiency and accuracy in tax processing for local authorities. Recognized by Government of Andhra Pradesh for social impact

### Car Price Prediction Using Machine Learning

Built regression-based ML model using real-world datasets. Performed data preprocessing, feature engineering, and evaluation. Delivered accurate predictions for car price estimation

## Achievements

- 1 st Prize – NASA Space Apps Challenge (Global Level)
- 3 rd Prize – TechnoVision 2K25
- Received Certificate of Appreciation from the Government of Andhra Pradesh for resolving community technical issues at Sachivalayam

## Additional Skills

Continuous Learning | Problem Solving | Team Collaboration | Leadership | Time Management | Good Communication
